nicholasengert.co.uk › Lighting › Table Lamps › Atman Table Light

Atman is a sculptural table light: a solid oval of crystal glass resting on a nickel-plated base. The LED housed inside the crystal shines through it like a lens, casting fine patterns of light onto nearby walls and surfaces. It plugs in and comes with an inline dimmer, so it suits rooms where a fitting can't be hard-wired. Each piece is handmade to order in Italy.

TECHNICAL SPECIFICATION

Product type	Table lamp
Product code	DLCS.ATT1
Dimensions	L 16 cm × H 8 cm
Shade	Oval crystal glass
Base	Nickel-plated
Dimmer	Inline cord dimmer, nickel / black, with memory of last setting
Light source	LED, 1 × 1 W, 350 mA constant current (interchangeable)
Luminous flux	149 lm
Colour temperature	2700 K (warm white)
Colour rendering	CRI 80
Voltage	110–240 V, plug driver
IP rating	IP20 (indoor use)
Country of origin	Italy
HS code	9405 2190 90
Lead time	3–4 weeks, made to order

E&OE
Due to continuous technical development this specification may change without notice. Please check all details prior to ordering.
